Name of Person Responsible:	Kerry Veronica Collins
Address of Person Responsible:	2 Commercial Road Newport South Wales
Type of Premise/Business/Service:	Public House

I, Alastair Dearing, as a relevant person and enforcement officer designated by Newport City Council, consider that you, as the person responsible, are contravening a requirement imposed by these Regulations and it is necessary and proportionate to give you this Premises Improvement Notice for the purpose of preventing you from continuing to contravene the requirement(s) of the Regulations.

I am of the opinion that you, as the person responsible, for the premises detailed above, which is listed in Regulation 12 and Schedule 4 are failing to comply with the following relevant provision(s):

Regulation 12(2) of The Health Protection (Coronavirus Restrictions) (No.2) (Wales) Regulations 2020 for the following reasons:

Specifically, on Saturday 26th September 2020 it was witnessed that groups of customers were not seated two meters apart and as such not social distancing. The premises failed to challenge customers when seating them inside the premises if they lived within the same household. The Track Trace System (book) was not fully compliant as many customers had placed postcodes rather than contact numbers next to the lead customer name.

Failure to comply with The Health Protection (Coronavirus Restrictions) (No.2) (Wales) Regulations 2020, without reasonable excuse, is an offence under Regulation 20(1) and punishable on summary conviction by a fine.

This Premises Improvement Notice is being given to you for the purpose of protecting against the risks to public health arising from coronavirus and the serious and imminent threat to public health posed by the incidence and spread of severe acute respiratory syndrome coronavirus 2 in Wales.

In order to secure compliance Newport City Council hereby directs you to take the following actions:

- Customers/tables must be two meters apart; this can be achieved on bench seating by taping the areas that people can or cannot sit on the bench seat to ensure social distancing of 2 meters between customers
- Staff should ensure customers have completed the track trace correctly before customers are seated.
- The Premises should ensure that customers sat together live within the same household in line with the regulations.
- Implementation of all actions identified in your COVID Risk Assessment, including incorporating the above. Which all staff have seen and signed to acknowledge.
- Other measures that achieve equal effect but are not necessarily specified in the guidance may be implemented.
